

## Science (TUE)

### LIVING THINGS – Life cycle of a bird

Look at the attached sheet on the life cycle of a bird – use the links on the sheet to find out more. Complete the tasks in your books or online – you will need to draw the diagram!

## Music (MON)

Look in the music folder on [gpa.education](http://gpa.education) and find this week's learning under Year 5/6.

Send any learning to [jpottage@gpa.education](mailto:jpottage@gpa.education)

## History (THU)

This week, we're looking at the key battles of the English Civil War. Take a look at the attached sheet on history and explain the key points of each battle -where was it? When? Who won? How? What happened? Use the information to help structure your writing (DO NOT JUST COPY IT)

## PE (EVERY DAY)

Have a look at the HEALTH and PE section of the school website and do one of the activities each day.

## Art (MON)

Look in the art folder on [gpa.education](http://gpa.education) and find this week's learning under Year 5/6.

Send any learning to [cpope@gpa.education](mailto:cpope@gpa.education)

## Geography (FRI)

### NORTH AMERICA

Research (SAFELY) a North American animal and find out about their habitat.

You can choose from: American

Bison, Wolverine, California

Condor, Chipmunk, American Beaver or Cougar.

## R.E. (FRI)

WORSHIP: Children display one thing or person that they are passionate about in picture form on the outer layer of the Worship Spinner Activity Sheet. The inner layer contains four sections for the children to complete in pictures or symbols to show how their lives/actions/behaviours reflect their object of worth.

## PSHE (TUE)

What does 'change' mean? How can change be positive? When can it be negative? Think of a time when something in your life changed. What was it? How did it affect you? How did you react? Discuss with an adult what we can do when something in life is changing. How can we help others when their life is changing?
