

English

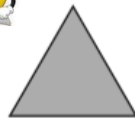

Can you write a story with an elephant as the main character? What does the elephant do? Who does it do it with? Are there any problems? How do they solve the problems?

Maths

Here are some 2D shapes:

triangle

oblong

square

hexagon

Write the name of each shape in the correct column below.

Has 4 sides	Does not have four sides

Try this!

Look at a piece of food packaging; can you draw it on a piece of paper. Try and include as much details as possible.

Thought of the day

You are something magical!
