

ee, ea, e-e, y

Read the text and circle the words that belong in the ee family.

The baby likes to eat swede and leeks. He eats them when his mummy reads a book under the tree. One day the bee stung him on the cheek but he still tried to speak to his family even though it hurt. He fell asleep on the concrete and had a dream about beads on his feet.

Write these words into the correct column:

ee	ea	e-e	y
